At **Bissell's** The new Prestone windshield de-icer is in stock. It "melts 3 times more ice" and is good to -34 below. It's about time they made some for our area.. As usual we have many items at half price but you have to hunt for them. My cigs and tobacco are all gone. People are trying hard to give up the addiction. Good luck.

17 Jan. 2010 Two old 1895? earthenware bottles were found in the Newcomb lake area. They are about quart, the size and shape of a modern soda bottle. They are brown and crudely made. Looked them up on the web. One was a gin bottle from Europe and the other with broken handle was for mineral water from Germany.

Marvin's been having some correspondence with Beverly Chase and her daughter Cary.

People are asking about Dan Tefoe. He was well enough on 14 Dec. to drive Marie to the store. He identified the photo of the school on the June page of the Chamber of Commerce calendar as the one across from Larry Levesque's house. He should know because he lived there with his parents and siblings after it was a school.

Your Thoughts, Prayers, Cards and Casseroles appreciated...

While I will not post the particulars, there has been plenty of folk sick, had operations or accidents. Some have recovered, some still struggling. Keep all in your thoughts.
