Thank you! To all of you who came to the fund raiser or donated for my trip to the Dominican Republic. The trip was very successful. We treated approximately 1,200 people. The people of Newcomb were so generous in their support of my trip. The money raised was used to by much needed medicine for these very poor but appreciative people. We also distributed a 3 bucket water filtration system to needy families. The overwhelming support from you made this trip a big success. I felt like the entire town was behind me. Your kindness and generosity are greatly appreciated.

Sincerely,  
Kevin Bolan
