Wanted

Kids learning to knit need size 7, 8, or 9 knitting needles.

If you have old ones lying around and could donate them to Newcomb Central School, please send them to the art room with a student or drop them off at the main desk.

Many Thanks,
Newcomb Fifth & Sixth Graders

One of the international students we helped arrange to come to Minerva needs a new host home. His current family has too much going on and must make a change. The student, Dome, is from Thailand. This must happen over the next week or so, so if you need more information, please contact Skip Hults at 582-3341 or 251-4324.

It is time to plan for international students for the 2009-2010 school year. Our goal is 7 students! It is not too early to finalize the students and their homes, so if you are even thinking about it, please let the school know.

Her husband was Quentin Hall who died in 1955. He owned , operated and may have built the service station East of Virginia Hall's house.

They had 2 daughters, Carlene of Lafayette, Indiana and Wilda of Johnstown, N. Y. area.

From Marvin Bissell:

Bissell's Store has ice cleats for your boots and your cane or crutch. Don't fall on this treacherous ice. Something might break if you haven't been eating your vitamins. We also have warm winter hats so you won't get pneumonia in case you neglected to get your vaccination again. Hey, it's your life but no sense to make it shorter than it could be.

For the most part I can't pass on the details of people's medical condition or need but if a name shows up on the list suffice it to say that you might want to call and see how they are doing.
